MINOR CHANGE RECEIVED — AND ACKNOWLEDGED BY FAA —	
SIGNATURE <i>John Mayer 7/26/04</i>	

RECEIVED

JUL 28 2004

NEW YORK

Attn.: Mr. Vito Pulera, ANE-170

Subject: S-51100-( ), S-51150-( ); Model AV-35A minor change request

Dear Mr. Pulera,

The life preserver drawing S-51100-( ), S-51150-( ) has had a minor change to it. Revision L, and this letter are being submitted to bring our records up to date.

Revision L, dated 7/04, consists of additional information and clarifications that were already included, and approved, in our other AV-35 series life preservers. See attached detailed listing of all changes. These changes are being made for completeness, clarity, and to standardize all models of AV-35 life preservers. These changes do not cause any change in the product and are "informational" in nature.

These changes should be considered minor as they do not have any effect on form, fit, or function. We hereby certify that these life preservers meet or exceed all the requirement of TSO C13d and will be manufactured under the strict quality control procedures on file with your Teterboro, New Jersey office.

Should you have any questions please do not hesitate to contact us.

Regards,

  
John Mayer  
Engineer
