MINOR CHANGE RECEIVED  
AND ACKNOWLEDGED  
FAA APR 25 1997  
Date

Attn. Danko Kramar

Subject: TSO-C13d, Model AV35J, P/N S-51900-( ) and S-51950-( ) ; minor change request.

April 22, 1997

Dear Mr. Kramar:

Switlik Parachute Company the herewith requests an authorization to manufacture and identify the above subject Life Preserver in accordance with TSO C13d. This unit is a particular variation of a previously approved model and as such is covered under the minor change clause of Part 21. The previously approved unit that this vest is derived from is the S-31900-( ), S-31950-( ).

The new units differ from the old approved units mainly in that the use the new one part, non-removable inflator. This inflator has already been approved in our earlier submission of the P/N S-511XX-( ) through S-518XX-( ) series. At that time we did not submit the S-519XX-( ) because we did not have any need for it. However, since our submission, one prospective customer has announced a desire for this unit, so we are submitting for approval at this time.

We hereby certify that this Life Preserver meets or exceeds all the requirements of TSO C13d and will be manufactured under the strict quality control procedures on file with your Teterboro, New Jersey office.

If you have any questions or require any additional information concerning this application, please do not hesitate to contact us.

Best Regards,

*Gustavo Fanjul*
